IMPORTANT SAFETY PRECAUTIONS

Please Read Before Installing.

Congratulations on your purchase of the outdoor water proof camera. Please read these safety and operating instructions carefully before installing and using this system.

- Keep the camera and adapter cord out of reach of children. And do not place the camera or adapter cord in a crib or playpen.
- Do not use the camera near water or damp and wet environments, such as a bathtub, laundry, tub kitchen sink, or wet basement.
- Locate the camera and AC adapter where there is adequate ventilation. Do not locate the camera in direct sunlight.
- Do not locate the camera and AC/DC adapter near heat sources such as heat requisites, radiators ovens, furnaces or other appliances with high operating temperatures.
- Do not use with extension cords. Use only the AC/DC adapter provided with this system. Use of other adapters may damage the camera and void your warranty.
- Only plug components into standard household voltage outlets (12V AC, 60Hz)
- Do not place cords from the AC adapter or camera where they can be pinched or stepped on. Protect the cords by keeping them out of the way of children, pets and routine household traffic. Do not place heavy objects on power cords or cover cords with rugs or carper.
- When cleaning, use a DRY, lint-free cloth. Unplug the camera and AC adapter before adapter before cleaning. NEVER immerse any component in water and do not spray cleaners or solvents on the unit. Doing so may damage the unit or cause electrical shock.
- Unplug the AC adapter from the wall outlet when the system is not in use.
- Mishandling, alterations or modifications not approved by the manufacturer will void the warranty.

GENERAL INFORMATION

These Bullet type camera provides excellent video monitoring in a small, easy to install unit. The tiny camera comes complete with a mounting bracket which you can use to install the camera almost anywhere.

The camera can be used with your existing TV, monitor, or VCR. Its 0.15inch (3.8mm) lens provides a clear 75feet wide angle view. In addition to its superior video quality, the camera can operate within 0.5LUX and 0 LUX up to 15 feet. The outer case is waterproof which allows the camera to be used in outdoor and underwater applications and so on.

NOTE: This camera cannot pick up sound because it does not have a built-in microphone.
